5+ | Years of relationship

35+ | Engagements to date

Business Problems

- **Inorganic growth** leading to multiple solutions with overlapping functionality.
- Need to manage growth from new acquisitions and **drive vendor consolidation**.
- **Legacy apps** pose security and performance challenges.
- **Multiple client verticals operating in silos** – spread across long term care, blood management, specialty pharmacy, home health and hospice solutions, enterprise platform and professional services.

Solutions and Value Delivered

- ▶ **Strategic partnership to drive application consolidation** across the client's acquired portfolio companies.
- ▶ Support new acquisitions through **enhancement and system integration** services.
- ▶ **Migration and modernization** of legacy on-premise solutions to cloud.
- ▶ Engagements across **product engineering, UX, DevOps and sustenance** across client verticals.
- ▶ Multiple projects around **interface development** for home infusion and long-term care products.
- ▶ **FHIR consulting** and engineering services for **ONC USCDI and CEHRT compliance**.
