Job Title: Technical Specialist (full time; multiple openings), Job Code – CTI44

Work Experience Required: 2 years.

Location: Princeton, New Jersey and various unanticipated locations throughout the U.S

Duties:

- Help senior team members design software applications and interfaces.
- Work with business users to gather data requirements.
- Assist in updating software architecture to fix issues and improve performance.
- Conduct software testing and code review to ensure performance.
- Prepare technical documents to guide the integration of the software.
- Implement software features per business and data requirements.
- Prior to implementation, test interfaces to ensure they perform as expected.

Must have a Bachelor's Degree (or foreign equivalent) in Computer Science, Engineering (any), or related field, plus two years of IT experience. One of the two years of IT experience must include experience with Java, Spring, Angular and MySQL. In lieu of a Bachelor's Degree (or foreign equivalent), we will accept a Bachelor's Degree (or foreign equivalent) earned through any suitable combination of education, training, and/or experience, as determined by a professional evaluation service. Travel and relocation required, to be reimbursed by employer. Incidental telecommuting permitted. EOE M/F/D/V.

Please apply by forwarding resumes to CitiusTech Inc. at us_jobs@citiustech.com. Please indicate the reference code(s) with respect to your position of interest in your communication. CTI44
